**Colored Organizations Say On Funds To Buy Part Of School Property**

City Commissioner J. J. Harris, as chairman of a special committee to dispose of the north wing of the former colored elementary school, on Fifth street, made report to the Commission on Wednesday night. He stated that his committee had counseled with the Colored Civic League, which had asked to be given or permitted to buy that particular portion of the old building for library and other civic activities. That it was found that the League did not have finances to even pay for proposed lots on which to move the section, if it was turned over to it, or for moving of same, the total cost being estimated at \$7,000, which the city did not have to invest in the project.

Bids were asked for the wing but only one bid of \$200 was received and this by action of Commission was directed rejected. The Commission directed that the Street department force proceed at once to dismantle the wing, salvaging such lumber and equipment as worth, and store same until needed.

Report was that by city purchase was considerable valuable timber and siding to be salvaged. Work on clearing up for the new labor loading center will go forward as fast as possible.

The ordinance setting up this loading center project was passed at the commission, Wednesday night, and the Commission can now proceed with its plans.

formation was duly filed on Wednesday night, which included three separate charges of embezzlement. The question was asked if the Commission, backed by the desire and voice of Citizens, would make request to the State's Attorney for a full and complete investigation of the matter. The reply of the Mayor, was that such a request would be readily accepted by the Citizens strongly recommended that this phase of the case be included along with the other charges.

Hanging on as tenacious as a pup to a bone, Tom Watson, Jr., again brought up the question of the city gambling racket assessments. While this question had been brought up by city financial affairs, there seemed to be a sentiment, that this particular question, was one that should be considered on its own merits rather than be connected with the already muddled condition of city finances.

Mayor Robin definitely, and with a rabid denial that he had ever been offered or taken on an alleged \$5,000 bribe for permitting gambling activities to go on in Belle Glade, and made the same reiteration on behalf of the other Commission members. He praised the city police force for the manner in which it performed its duties. He denied that at any time had any citizen been denied the right to appear before the Commission for public or personal reasons, but invited all such violations. Had this been done in the case now on the carpet, much of the misinformation and innuendoes could have been eliminated and our city saved much unfavorable publicity.

### Annual Staff

Mr. Wright of the Taylor Publishing Company visited our school again Monday morning to see how the work on our 1950 annual is progressing and help the staff over the stumbling stones that have and will confront us as the pages go together. During this meeting, the cover, coloring and paper for the annual was chosen. (If you are curious, expect a pleasant surprise 'cause it's nice!) The majority of our annual pictures have been made and will be sent in before Christmas. Did you hear the warning to "turn your proofs now and be sure your face is among these extraordinary photos of Belle Glade's extremely handsome students?" Our business manager is beginning her rounds to solicit ads so everyone can ex-

pect a wonderful annual from that first senior class this spring, if you paid your deposit.

### "B" Club Dance

After Belle Glade vs. Pahokee game.

Place: High School Gym.

It was a gay crowd that gathered in the gym Wednesday night following the victory of the Rams over the Blue Devils to enjoy the dance sponsored by the "B" Club.

Streams of gold, blue and white provided the color scheme. A paper football was passed on each end of the gym—one bearing the name "Rams" and the other, "Blue Devils."

Several Pahokee students remained for the dance and everyone had an enjoyable evening!

### F. H. A.

A regular meeting of the Future Homemakers of America was held at the school Monday evening. One new member, Dorothy Yarbrough, was accepted into the organization.

Festive plans were made for a Christmas dance to be held at the beginning of the holiday season, December 16. At the present an orchestra is being engaged for this formal occasion.

Everyone is invited and admission is set at \$1.00, bag and drag. (F. H. A. members who do not attend are required to pay their dues.)

Plans for the rummage sale were also discussed and it was decided to conduct at Dutch auction in the home room sessions.

With the state fair coming up in February, money is desperately needed by our organization.

Special Paper

Once again Belle Glade High School has a school paper floating through its halls each week, disclosing all the latest news and gossip. There are several new additions to the paper.

The paper—mainly classified ads, songs, and a new name. This title was chosen by the students and is "Belle Glade News."

A very energetic staff was selected by the Junior class. They are Editor, Johnny Robinson; Assistant Editor, Margene Matheson; Feature Editor, Betty Jo Bearden; Assistants, Frankie Farmer and Florence Bore; Business Manager, Gloria Crosby; Asst., Kathryn Cook; Sports Editor, Kenneth Lutz; Social Editor, Marlene Walker; Asst., Betty Layfield and Clara Stein; Art Editor, Charles Newman; Asst., Patsy Rogers; Printers, Alvin Leathers and Charles Newman.

A special credit goes to the second year typing class. Each and every week they struggle over the stencils and after the publication receive credit for their efforts.

The physical education class

is getting back in the swing of things. Yeh, Miss McKoy has the basketball boys approaching the self-conscious girl saying, "May I have this dance?"

Things are running pretty smoothly now. Wouldn't be surprised if we were soon the best. Watcha say?

### BELLE GLADE-PAHOKEE B. P. W. HOLD JOINT MEET

The Belle Glade and Pahokee Business and Professional Women's Clubs held a joint meeting Tuesday night, November 22nd at 8:00 p.m. at the Woman's Club in Pahokee.

Beach County T.B. Association. Jeanne Martin, accompanied by Alma Murphy at the piano, sang "Look Down That Lonely Road" and "A Little Bit of Heaven."

**OBSERVATIONS**  
(Continued From Page 1)  
to a station style. I enjoyed the local news reports because it was the only way I could check up on what was happening in my own news field. Belle Glade is so fortunate in having such a broadcasting station to serve it.

The citizens of Belle Glade and especially the membership of the Evangelical Presbyterian Church will welcome Rev. Dan H. Graham of Tennessee as a citizen of the city and as a worker in the Masters Vineyard. Dr. W. and Mrs. Graham will find a fine people to work with in their church fold and we predict the newcomers will like us.

Those game recesses at football games this year were far more intricate and elaborate than in the past. Nothing finer could be expected than those displayed at South Broward, at Dania and at Memorial field at the Pahoehoe. The preparations for the special features require much time and training and it is remarkable for the ease with which all features clicked to a successful end.

Mahli Shrine of Miami will give its pre-Christmas football game Christmas eve, with an advancement in attraction, as this contest will be between a picked North and South team of selected collegiate stars. The team managers will be from Miami and Yale University. Should be some game! In the January 2nd game at Durdine (old) stadium will be St. Clara of California and Kentucky Wildcats of Lexington, Kentucky. Hundreds of Glades folks will witness both of these outstanding contests.

One of the worth while growing institutions of Palm Beach County is Lake Worth Scottish Rite Consistory at Lake Worth. Each succeeding bi-annual reunion grows in size and interest and classes initiated averaging around 50 new membership from over its jurisdiction are from ocean to Gulf territory. New degrees of grades are introduced, perfected and introduced, much to the pleasure of all participants. Years of hard work have cleared the consistory shrine of its heavy indebtedness, so that many new projects and innovations can be made and introduced. Its membership now reaches the 1000 mark. Several hundred from the Glades Counties. The consistory now has around 19 illustrious brothers of the 33rd degree and the same number of "Red Caps" of the K.C.C.F. in its membership.

The local merchants are displaying more interest in the Holiday trade than since before the war, and their places are filled with large stocks of seasonal merchandise, which even at this early date, seem to be moving out at a most satisfactory rate. In particular, this is true as to home appliances. Many homes are going to have this type of service equipment after Christmas. Bicycles also seem to be a popular gift. Larger and better selected lines of Holiday

gifts are locally obtainable and at comparatively advantageous prices.

When the time comes when Rev. T. E. Enlow leaves our city, there will be many a merchant and business man who will miss these friendly "drop in" visits which the dominie was accustomed to make them. The dominie believed in people attending church, and some time during his visit, he would get in a plug along that line. We will miss this man's genuine friendly manner and telling smile. Good luck to you, preacher, wherever your future ministerial work may land you.

When I look back to my early school days, and remember the "little red school house" with its poor light, ventilation, sanitary and heating facilities. What a comparison of those buildings to the present modern structures that children of these days are housed! If I could attend school under present day set-ups, I believe I would like to enroll for further education. Back years ago, many of the children reading distances from the school had to mostly walk to and from school and not hauled in modern buses. I fondly remember the Christmas when I got my first pair of ice skates to be used on the big pond adjoining the school grounds. I think I still feel some of those hard bumps I took in learning to operate on the steel blades.

Several new official faces to be found in the Belle Glade City Hall these days. "Sonny" Benckler, did not get that nick name without cause, and his smile is not missing. Frank Anderson, is accustomed to waiting on the public from behind a counter, and his usual courteous treatment of office patrons will not be missing.

In his life time Judge G. A. Hubbell wrote many pretty articles of a sentimental nature. He wrote one, which he requested to be read at his funeral service, and we herewith reproduce it as a memorial to him. "When life is done, my work is done, my eyes are closed, please let Dear Quaidette be my only requiem, wordless, absolute and unprophetic. While thus, by upon my body one of Nature's poems, the poetry, we together onward, simply and pompously." These conditions prevailed at the farewell services.

W. P. Risk is fitting land at the year of his Palm Beach residence, which he is planning to plant to flowers and shrubbery and soon we will be seeing a host of beautiful flowers on display. The Misses Risk, are expert floriculturists, and the garden will be under their expert care. A number of new and rare plants will be found in their proposed collection of flowers.

Thanksgiving day has come and gone, and most of us were thankful for the many blessings which came to us during the past year. No epidemic of illness struck our area. Our health but was comparatively small. The progressed well in business and building of new business structures and homes, and to a certain degree have enjoyed moderate prosperity. Take it as a whole our record was a very favorable one.

"How did you keep from crying?" was asked a little girl who had fallen down and hurt her knee. "Oh," she answered, "I just said to myself 'stop that' made myself mind no flow many of us do what this child is reputed to have done."

Down the Tamiami trail from Ft. Myers to Naples a traveler in note that all the towns of the Gulf coast are growing with much building. In Naples the building is most noticeable, with some fine new homes, business blocks, and a number of what will be fine new motel places. This town is quite an attractive place with its golf course, its fine bathing beach and the three fishing pier. The where-with-all to pay the expenses one could enjoy a fine vacation period there.

Sweet corn and snap beans on the table does not make a bad meal for any one. Some of these Graber crop radishes are not surprising, and when we get those new potatoes and tomatoes our eating blue will be filled.

On Wednesday of last week, I was sent on an assignment, which took me into rich farming lands lying along the Tamiami canal, and between the Ritta and Boles canals. Here I saw rich farm lands and beautiful crops coming on to maturity. That is some large pumping plant the Ritta Drainage district owns an operator for drain-

## Carrier Planes Make Call at 'The Rock'

The promontory of the historic fortress of Gibraltar serves as a backdrop for planes of the U. S. Navy's Valley Forge during the carrier's visit to the famous British bastion of the Mediterranean. The planes were land-based at the Royal Air Force strip during the ship's stay in Gibraltar.

for purposes. By its means the lands of the district are quickly drained of flood waters. When the Miami canal is completed, and new dikes thrown up under the Flood control plan, this will be one of the best protected farming section of the Glades.

With the formation of a permanent Hospital Auxiliary that institution is going to be given a most helpful service. Supt. Pfeiffer is highly pleased that such an organization has been formed to give assistance out of his large institution, and welcomes it.

Passing down the street in front of a merchandising place I noted a large collection of bicycles, which had the name Shelby upon them. This took me back to my Old Fellow traveling days in Ohio, where I held a district meeting in Shelby. My host, who was connected with the Shelby Mfg. Co., took me through the big rambling factory, where bicycles are the main product. The plant at that time employed more than 1500 employees. The company is one of the largest producers of bicycles in the states. Made me homesick when I saw this Ohio product on sale in Belle Glade.

LOOKS like a Jet Plane  
TRAVELS the same way

YOU see it quick—stepping along in the highway—and you can't miss the parallel.

You glimpse a bold front end—sleek tapering fenders—faring, streamlined roof lines—even to "double bubble" taillights, here is the look of "the fastest thing that flies."

Then you try one on the road, courtesy of your Buick dealer.

Adjectives flock into mind—"agile"—"nimble"—"eager."

You realize that here is action, swift and easy—action born of Fireball valve-in-head straight-eight power—action floated on soft coil springs that, for all their lightness, keep your grip on the road sure-footed and firm.

This you tell yourself, is traveling as traveling should be.

Comfortable—in the spacious manner of king-size interiors. Easy—in the lightness of controls, which can include even the magic of Dynaford

Drive\* if you wish. Pleasurable—in the wide, wide outlook that's yours, and the inner satisfaction of having a Buick for your very own.

And we might add another thing, just by way of being practical.

It's frugal too. Frugal in a first cost that's actually less than for some sizes. Frugal in the surprising way such a sizable car gives the go-by to gas pumps.

And if you have Dynaford, frugal even in many upkeep costs you can forget about—such as clutch troubles, transmission maintenance, even many engine service bills.

Why not put yourself into one of these jet-lined beauties right now? It's more easily managed than you might imagine—as you'll see by talking to your Buick dealer.

\*Optional at extra cost.
